

F Plate kit, available in 1, 2 or our most efficient 3 plate design
16" (406mm) x 10" (254mm)
Plates can be separated up to 18"(457mm) apart.

RT6 Freezer kit may be mounted vertical or horizontal.
Internal volume .54 cu.ft. (15.3 liters)
14" (356mm) long x 6.75" (172mm) high x 11" (279mm) deep

RT4 Freezer box
10.5" (267mm) long x 12.5" (317) high x 6.5" (165mm) wide

R26 Plate kit, for a small and tight installation
10" (254mm) long x 3" (78mm) high x 11" (279mm) wide

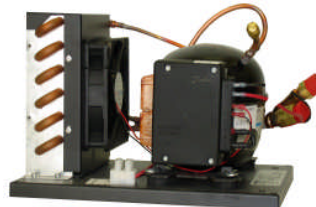

F1-2600 plate
c/w 12" of tubing

FL & EM Plate kit these two plates are designed so you can bend them to fit your application.
FL Dimensions: 36" (914mm) x 15" (381mm)
FM Dimension: 32" (813mm) x 11.5" (292mm)

The LT201 series of units and plates are designed with ease of installation built into each component.
The refrigeration kits are simple by design, with less moving parts than most other refrigeration systems.
Pick a cooling plate kit to fit your application, and add the compressorized cooling unit to complete the installation.
All kits include a thermostat, and pre charged refrigeration lines, plus an assortment of mounting hardware.
Just add power and let the cooling begin

Great for Freezers, Refrigerators and Fridge, Freezer box combinations

LT201 cooling unit

7 1/2" (191mm) Height
9" (229mm) Wide
11" (279mm) Depth
12-24 VDC

Variable speed to match the load.

High capacity air cooled, designed for hot & tropical applications.

No need for additional water pumps and relays.

Standard pre charged line kit 12 ft (3.66M).

Reusable couplings between cooling unit and plates.

All plate kits are available with the optional FLEX Line evaporators.
If your installation is over stringers, around bulkhead, through cupboards (far from straight) Take a look at the line that can be flexed unlimitedly

F1900
1.9 cu.ft. (54 liters) volume
Cut Out
20 5/8" (524mm) Height
15 5/8" (397mm) Width
17 3/4" (450mm) Depth

F2300
2.1 cu.ft. (59 liters) volume
Cut Out
28 3/8" (721mm) Height
16 3/4" (425mm) Width
14" (356mm) Depth

TL2500
2.5 cu.ft. (70 liters) volume
Cut Out
20 1/4" (514 mm) Length
18" (457mm) Width
18 3/4-27" (476-686mm) Height
Base can be removed to lower height

NOVAKOOLER55
1.94 CU.FT (55 liters) volume
Dimensions
24" (609mm) Height
26" (660mm) Width
19" (483mm) Depth

F2600
2.4 cu.ft. (68 liters) volume
Cut Out
20 1/4" (514mm) Height
18" (457mm) Width
19 1/2" (495mm) Depth

F3800
3.5 cu.ft. (100 liters) volume
Cut Out
28 3/8" (721mm) Height
20 1/4" (514mm) Width
18" (457 mm) Depth

F5810
5.8 cu.ft. (162 liters) volume
Cut Out
31 3/4" (806mm) Height
23 1/8" (587mm) Width
23 3/4" (603mm) Depth
