

F Plate kit, available in 1, 2 or our most efficient 3 plate design
16in (406mm) x 10in (254mm)
Plates can be separated up to 18in (457mm) apart.

RT6 Freezer kit may be mounted vertical or horizontal.
Internal volume .54 cu.ft. (15.3 liters)
14 (356mm) long x 6.75 (172mm) high x 11 (279mm) deep

RT4 Freezer box
10.5 (267mm) long x 12.5 (317) high x 6.5 (165mm) wide

F1-2600 plate
clw 12" of tubing

R26 Plate kit, for a small and tight installation
10 (254mm) long x 3 (78mm) high x 11 (279mm) wide

FL & FM Plate kit these two plates are designed so you can bend them to fit your application.
FL Dimensions: 36 (914mm) x 15 (381mm)
FM Dimension: 32 (813mm) x 11.5 (292mm)

The LT201 series of units and plates are designed with ease of installation built into each component.
The refrigeration kits are simple by design, with less moving parts than most other refrigeration systems.
Pick a cooling plate kit to fit your application, and add the compressorized cooling unit to complete the installation.
All kits include a thermostat, and pre charged refrigeration lines, plus an assortment of mounting hardware.
Just add power and let the cooling begin.

Great for Freezers, Refrigerators and Fridge, Freezer box combinations

LT201 cooling unit

12-24 vdc
variable speed to match the load
High capacity air cooled, designed for hot applications.
No need for additional water pumps and relays.
Standard pre charged line kit 12 ft (3.66M).
Reusable couplings between cooling unit and plates.

All plate kits are available with the optional FLEX Line evaporators.
If your installation is over stringers, around bulkhead, through cupboards (far from straight) Take a look at the line that can be flexed unlimitedly.

F1900
1.9 cu.ft. (54 liters) inside
Cut Out
20 5/8 (524mm) Height
15 5/8 (397mm) Width
17 3/4 (450mm) Depth

F2300
2.1 cu.ft. (59 liters) inside
Cut Out
28 3/8 (721mm) Height
16 3/4 (425mm) Width
14 (356mm) Depth

TL2500
2.5 cu.ft. (71 liters) inside
Cut Out
20 1/4 (514 mm) Length
18 (457mm) Width
18-27 (457-686mm) Height
Base can be removed to lower height

NOVAKOOLERS
3 convenient portable fridge/freezer chests:
BCD 30 (30 liters volume)
BCD 45 (45 liters volume)
BCD 60 (60 liters volume)

F2600
2.4 cu.ft. (68 liters) inside
Cut Out
20 1/4 (514mm) Height
18 (457mm) Width
19 1/2 (495mm) Depth

F3800
3.5 cu.ft. (100 liters) inside
Cut Out
28 3/8 (721mm) Height
20 1/4 (514mm) Width
18 (457 mm) Depth

F5810
5.8 cu.ft. (164 liters) inside
Cut Out
31 7/8 (809mm) Height
23 1/4 (590mm) Width
23 3/4 (603mm) Depth
